

Hi Folks

This is the last month for shooting outdoors on Thursdays so make the most of it. The holiday season is coming to an end but you can prolong that holiday feeling by sending me a few of your holiday pictures so we can all share them. My thanks to Dave Lettington for sharing a few of his which he took (very bravely in my opinion) during his stay in Johannesburg.

The outdoor comp is now done and dusted and a great success it was too. There are many more competitions that you can enter over the coming months, David Fellman will have all the details if you would like to give them a go.

Alannah Garnham, after about ten years of winning lots of club medals has decided that she has to resign her club membership due to a packed University schedule and her job contract. Although she promises to be back to shoot with us occasionally we shall certainly miss her as a club member and wish her well for the future.

Good luck to all our junior members who now have to get their act together for another year's hard work at school or college.

Jim

SEPTEMBER BIRTHDAYS

Happy Birthday to you all

You can see from the smiles that September is obviously the month when all the really really nice people have a birthday! That is, of course, **my** totally unbiased and objective opinion and I'm sticking to it! *Jim*

The East Anglian Championships

Silver Medal for Dave Fellman

Shooting a WA1440 round

Ade also won his longbow event shooting a metric 1 but unfortunately it was not a medal scoring round.

Pity about that but he did gain another personal best and a club record.

Dave

Rob Garnham was also a team member helping Suffolk to win the team competition. Well done team!

LATE NEWS

I'm sure everyone else knew this but I only just found out that **Richard Spindley** is leaving us this week to join the Navy.

Sorry to lose you Richard but best of luck in your chosen career.

Dave also gained another silver last Sunday at the Rayleigh Archers record status round at Runwell.

Mike Gissing also shot and came 4th.

Ade shot a Hereford round, came second and got another PB, a club record a 1st Class classification and will probably be picking up a GNAS Rose award

There's no stopping these guys!

A promising new member for the club.

Not having shot an arrow since her teen years, **Sam Watkins** surprised everyone (and herself) by getting an all gold end on her second round.

I hear Sam is a keen motor-cyclist and also an electric car fanatic.

Sam now wants to join the club and get back into archery.

I don't think it will be long before she has a collection of **Blue Arrows** medals and badges to her name.

Welcome to the club Sam

More new members to welcome!

Steven Edwards

Anton Exius-Genco

Janine Naylor

Please make sure you give them a warm welcome to the club!

Sometimes when I get up I find the odd duck or chicken wandering around the garden.

A little different from what Dave Lettington was used to seeing while on holiday in South Africa.

Dave and his partner Audrey had a brilliant summer holiday at Lakeside Lodge, Entebeni Lake, Limpopo, Johannesburg.

Here are a few of the animals that Dave 'shot' while over there.

Looks awesome!

But it's probably not the holiday for you if you tend to go sleepwalking!

**Dave tells me he shot most of them from only a few feet away.
I would have needed a very long range telephoto from half a mile away!**

Fully operational frame tent

I have just come to terms with the fact that my camping days are now a series of memories and bizarre photos. On getting my tent out of storage, I found to my amazement that it is still in excellent condition.

Very spacious – 2 bedroom areas and a cooking area.

It's yours for the asking (swingball not included).
